Enter your first name, last name, your mobile number, some company name, company size of your choice (I gave 5-9) and click next.

The screenshot shows the Microsoft Project Online Professional sign-up page. The browser address bar displays the URL: businessstore.microsoft.com/en-us/create-account/signup?OfferId=0a845364-6aa2-4046-8198-6cf6461f7f2b&DL=PROJECTPROFESSIONAL&ispolaris=1&a.... The page features the Microsoft logo and the heading "Thank you for choosing Project Online Professional". A progress indicator on the left shows three steps: 1. Signup started, 2. Tell us about yourself (current step), and 3. Create your business identity. The "Tell us about yourself" section includes a blue profile icon, a "First name" field (marked "This is required"), a "Last name" field, a "Business phone number" field, a "Company name" field, a "Your company size" dropdown menu, and a "Country or region" dropdown menu set to "United States". A blue "Next" button is at the bottom. On the right, the Project Online Professional logo is displayed above the text "Project management in the cloud", followed by a list of features: "Access anywhere", "Project scheduling and costing", "Resource management", and "Publishing projects to the cloud". Below this, "Other Benefits" includes "Allows up to five concurrent installations of the Project desktop". "Trial Highlights" states "25 licenses, 30-day free trial". A "Feedback" button is in the bottom right corner.

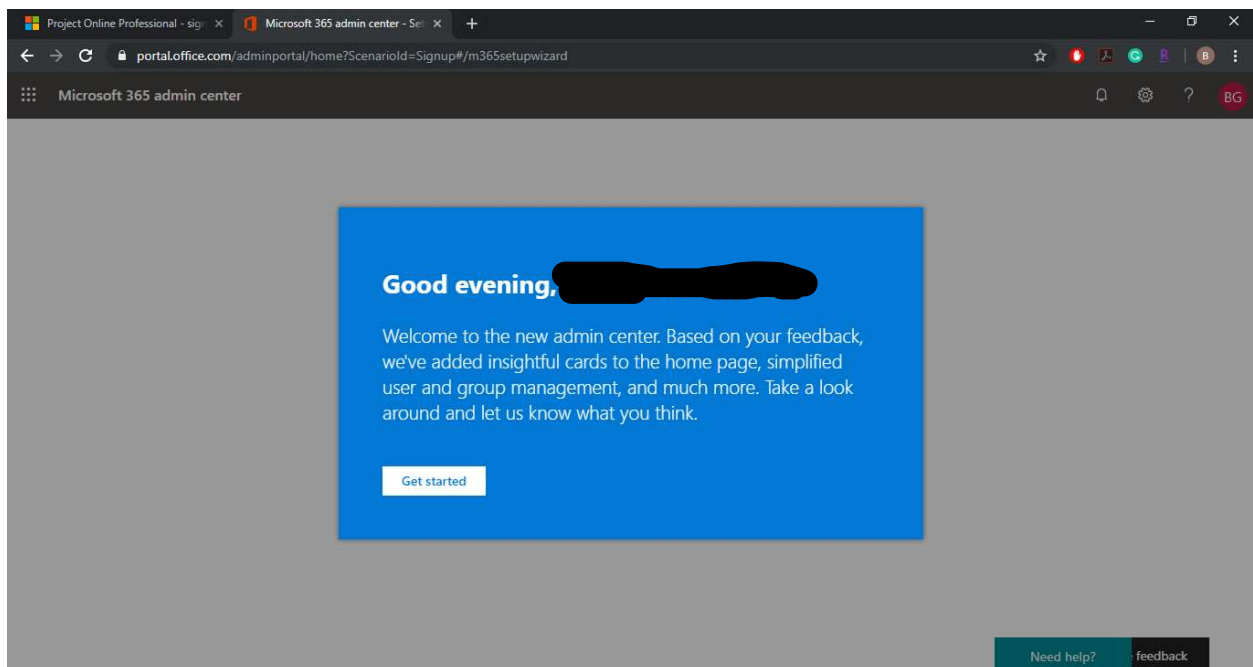

To create a domain, I just gave the company name and clicked next in below screen

The screenshot shows the Microsoft Project Online Professional sign-up page, step 3: Create your business identity. The browser address bar displays the same URL as the previous screenshot. The progress indicator on the left shows four steps: 1. Signup started, 2. Nice to meet you [redacted], 3. Create your business identity (current step), and 4. Get Started. The "Create your business identity" section includes a blue profile icon, a text prompt "To set up your account, you'll need a domain name. [What is a domain?](#)", a sub-prompt "You'll probably want a custom domain name for your business at some point. For now, choose a name for your domain using onmicrosoft.com", a text input field containing "yourbusiness" followed by ".onmicrosoft.com", a green message "[redacted].onmicrosoft.com is available.", a grey "Check availability" button, and a blue "Next" button. On the right, the Project Online Professional logo is displayed above the text "Project management in the cloud", followed by a list of features: "Access anywhere", "Project scheduling and costing", "Resource management", and "Publishing projects to the cloud". Below this, "Other Benefits" includes "Allows up to five concurrent installations of the Project desktop". "Trial Highlights" states "25 licenses, 30-day free trial". A "Feedback" button is in the bottom right corner.

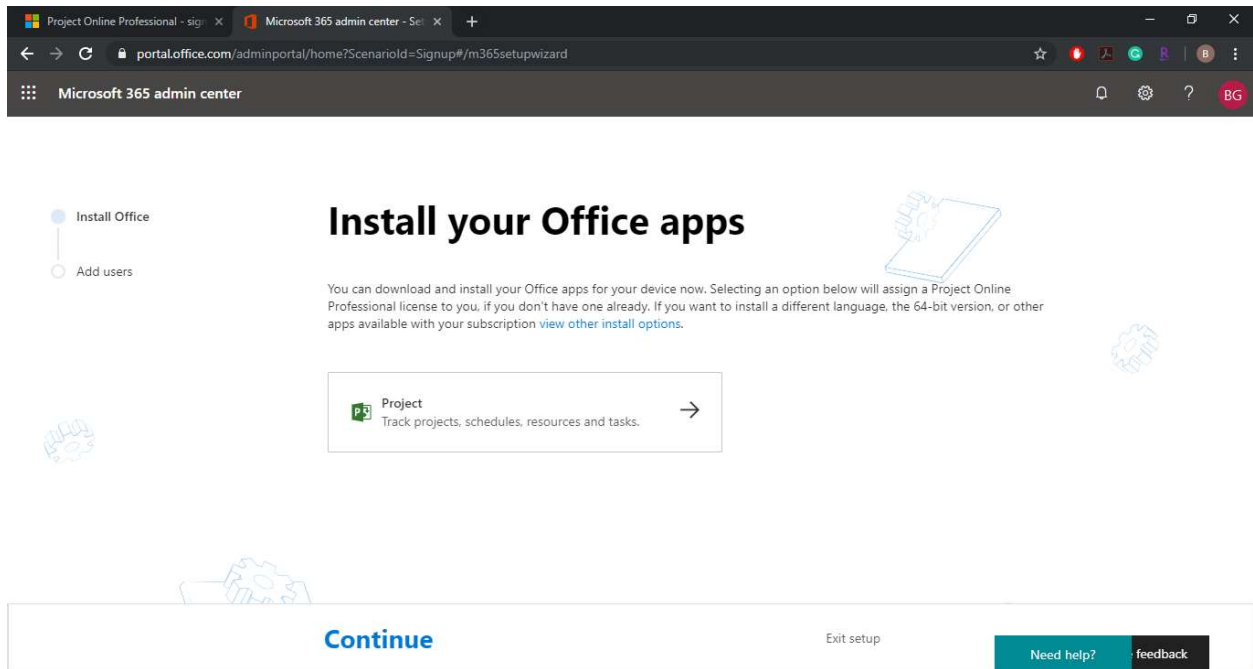

Once created the below screen appears. Notedown your account details and remember your password.

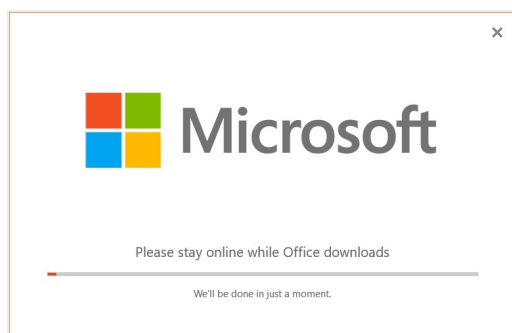

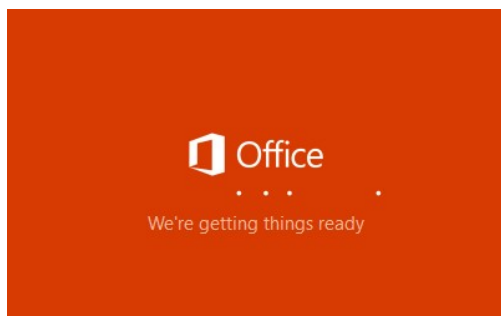

Now you will be asked to enter your new user ID from above (say xyz@xyz.onmicrosoft.com) and password mapped to this user ID

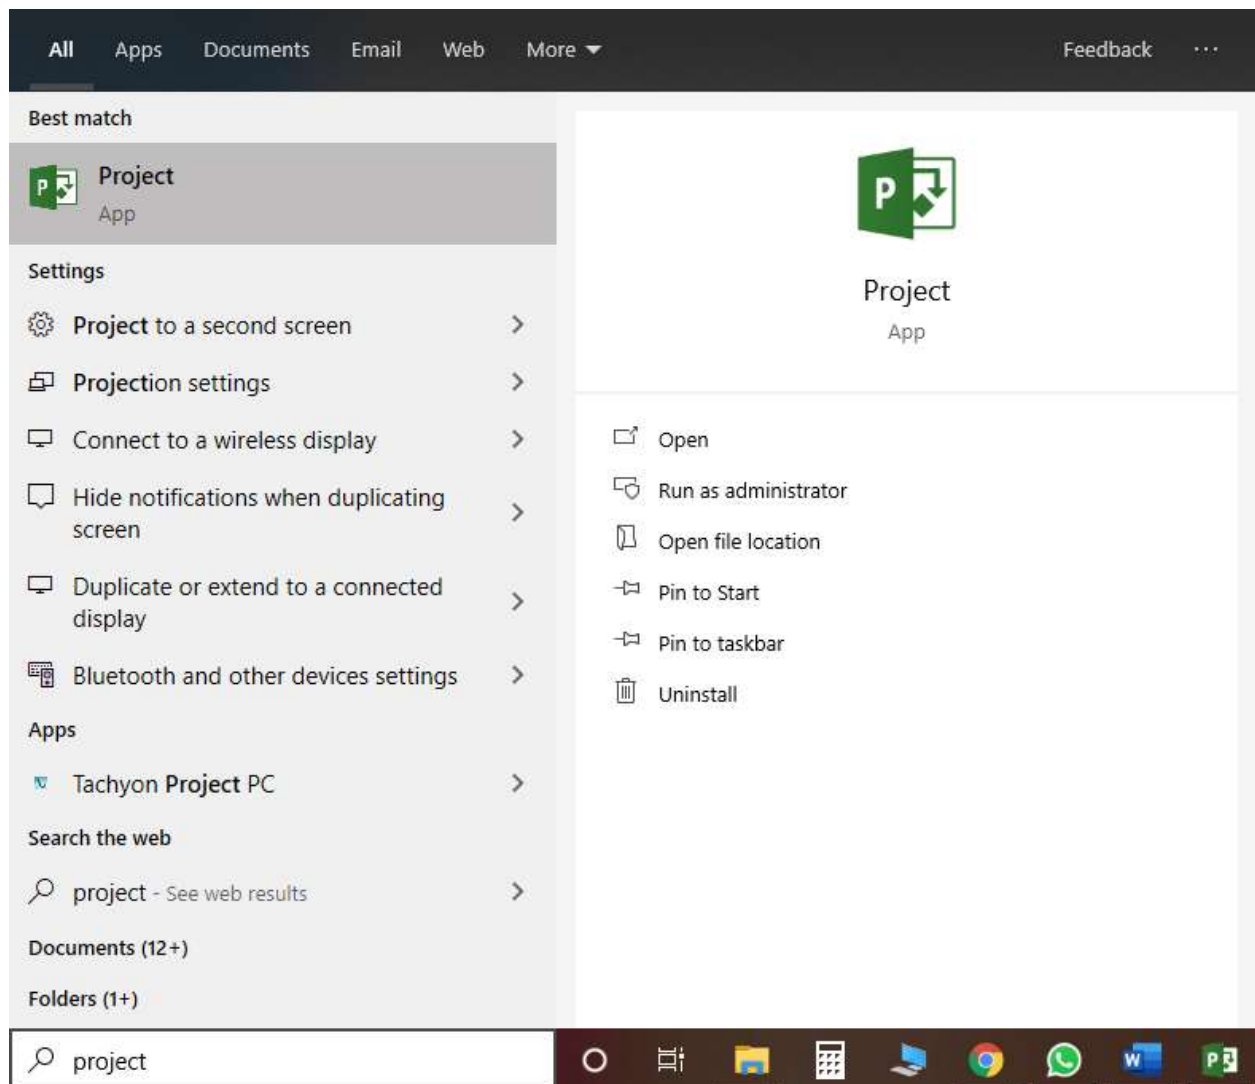

Select 32 bit or 64 bit installation of project based on your 32-bit or 64-bit version of your office 365 which is already installed in your pc.

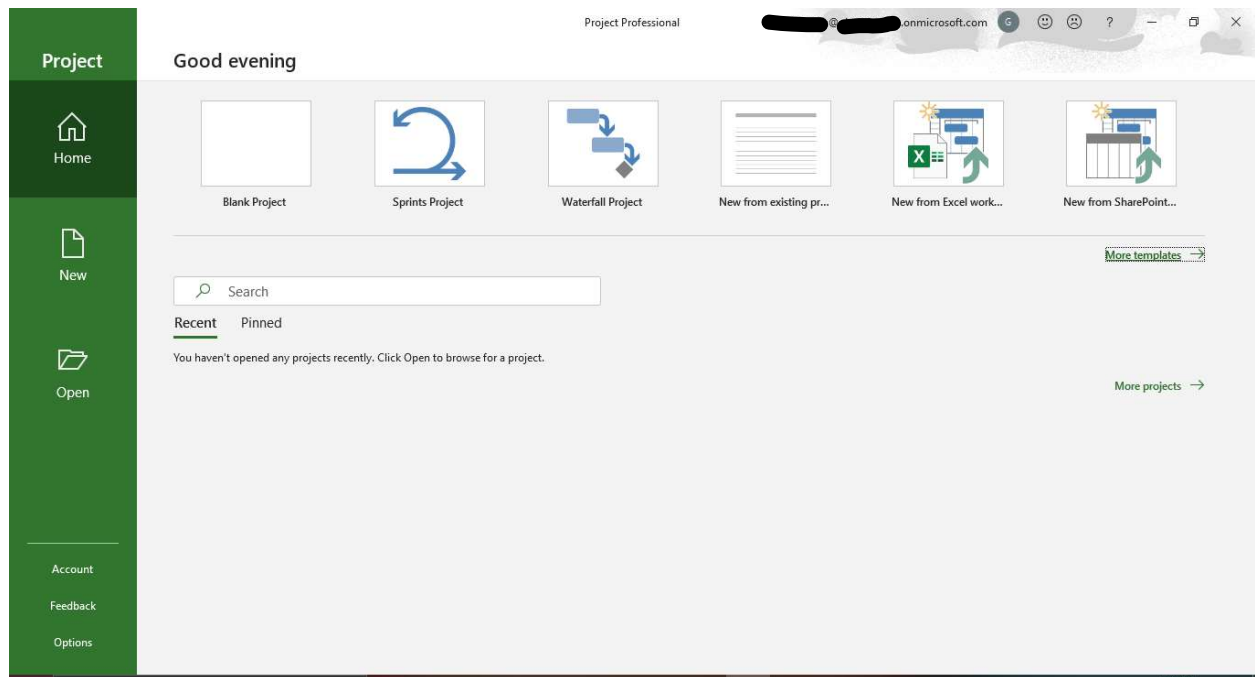

Installation in progress:

Launch Project App from Search Tab in Desktop Home Screen

Microsoft Project App Opens:

That's it 😊 Hope It Works For You !!! All the Best !!!
